The resulting mark is not the average of all of the abovementioned evaluations. The mark is awarded by the thesis supervisor according to their deliberations and the ECTS classification scale:

A – Excellent, B – Very good, C – Good, D – Satisfactory, E – Sufficient, F – Insufficient.

Grade F also means “I do not recommend this thesis for defence.”

I recommend this diploma thesis for its defence and suggest the following evaluation:

Select grade: D

In the case of an “F – Insufficient” grade, provide comments and the shortages of the thesis and the reasons for this assessment.

As an opponent, I believe that the author has fulfilled all the points of the assignment at a reasonable level and I recommend this thesis for defense before the committee.

I have no additional questions.
